MAKES AGREEMENT WITH THE PACKERS

Attorney General Palmer Arranges
Plan Whereby They Give up Con-
trol of Unrelated Products.

SUITS MAY NOT BE PRESSED

Reorganization of Business Will
Take Effect Under Supervision
of Federal Court.

(By United Press.)
Washington, Dec. 18.—Agreement
has been reached by Attorney Gen-
eral Palmer and the "Big Five"
Chicago packers, whereby the latter
abandon control of the unrelated
products, it was learned today.

The arrangement probably will re-
sult in the department of justice
stopping the anti-trust suit against
the packers, it was said.

The packers promise to give up
control of stockyards and such un-
related products as rice, wheat and
breakfast foods.

They agree further to use the re-
frigerator cars only for shipment of
meat and meat products.

Reorganization of the machinery
of the packers' business through
which the control of unrelated pro-
ducts will be abandoned, will take
effect under the supervision of the
federal court, it was learned.

The pending bills to regulate the
packing industry are to be pressed
in spite of the agreement, it was
said.

Several changes, however, prob-
ably will be made with regard to
other details.

The department of justice officials
are hopeful that the agreement will
be effective in reducing the cost of
living.

The nature of the agreement be-
came known today immediately after
a conference between Attorney Gen-
eral Palmer and Senators Kenyon
and Kendrick, authors of the pending
bills to regulate the meat industry.

Palmer's agreement, it was said,
will accomplish many of the reor-
ganizations proposed in the bills.
Palmer has not requested that these
bills be withdrawn, it was stated
definitely, and it was understood
that some of the senators hold that
they should be pressed to assure
permanency of the reforms Palmer
hopes to achieve.

Palmer expects to issue a state-
ment late today outlining just what
has been accomplished and Senators
Kenyon and Kendrick are also ex-
pected to make an informal state-
ment.

DEMOCRATS TO PLAN TREATY COMPROMISE

Will Prepare a Definite Proposal
For Submission to Republican
"Mild Reservationists"

NEW RESERVATIONS PLANNED

(By United Press.)
Washington, Dec. 18.—Definite
proposal for a peace treaty com-
promise will be formulated by dem-
ocratic senators for submission to
the republican "mild reservation-
ists," it was learned today.

This is the first time that demo-
crats have taken a lead since the
republicans specifically turned down
the peace proposal.

Adjustment of the differences over
the treaty has passed from the
hands of Senator Lodge to men who
will let nothing stand in the way
of ratification.

Lodge and Hitchcock will be cal-
led into consultation only when cer-
tain agreements which cannot be
turned down, have been reached.
The democratic proposal now will be
to take up a new set of reservations.

MAY IGNORE THE LAST NOTE

Government Likely to Pay no Atten-
tion to Mexican Communication

(By United Press.)
Washington, Dec. 18.—The Mexi-
can reply to the last American note
requesting the release of American
consular agent Jenkins, has been
received at the state department, it
was announced today.

Secretary Lansing is expected to
study immediately the official text
of the note and the attitude to be
assumed by this government toward
the Mexican reply. It will be dis-
closed soon it was learned today. It
is the belief that the United States
probably may ignore this last com-
munication of the Mexican govern-
ment.

JURY DISAGREES IN WALTHER CASE

Fails to Reach Verdict in Suit For
\$6,000 Filed by Glenwood Doc-
tor Against C. I. & W.

DELIBERATES FOR 10 HOURS

Reported That Jurors Voted Nine to
Three in Favor of Defendant—
Discharged at 9 P. M.

The jury in the case of Walther
vs Hines failed to reach an agree-
ment, after being out ten hours, and
at nine o'clock last night made
known that they were unable to
reach a decision.

It is understood that the jury
voted 9 to 3 in favor of the railroad
company.

The case was brought in court
here by Dr. J. E. Walther of Glen-
wood, against Walker D. Hines, di-
rector general of the railroads, and
in particular, the C. I. & W. rail-
road. The Glenwood physician al-
leged that he was injured and asked
damages in the sum of \$6,000, after
he was struck by a switching train
in Glenwood.

The complaint was set forth in
two paragraphs, one asking \$5,000
personal damages, and the second
for damages caused to the automo-
bile, the physician's tools and for
his detention from work.

The case went to the jury yester-
day morning after 11 o'clock, and
when late in the afternoon no ver-
dict was rendered, it was then con-
sidered a certainty that the jury
would disagree.

This is the second jury to dis-
agree in cases involving damages, in
which the C. I. & W. railroad was
made defendant. The other case was
the Salky case, in which the jury
disagreed, four for the plaintiff, and
four for the defendant, and the re-
maining four not voting. This case
has been set for trial again, and will
come up later in this term of court.

The jury was called for this
morning again, and the case of
Scott Lawson against Frank Comella
was tried. After hearing the
evidence, the jury rendered a deci-
sion in favor of the defendant.

The decision was reversed in this
case, coming to the circuit court on
an appeal from the Squire's court
where judgment was found for the
plaintiff. The case started over
trouble in painting and papering a
house occupied by Comella.

The plaintiff alleged that Comella
had purchased paint and wall paper,
and that the work was to be done by

WILL MAKE DRIVE FOR NEW MEMBERS

Board of Directors of Center Town-
ship Farmers' Association
Holds a Meeting

THE TOWNSHIP IS DIVIDED

Directors Also Decide to Make Soil
Survey to Determine The Need
of Lime

The board of directors of the Cen-
ter Township Farmers' association
met at the home of Charles McBride
Tuesday evening to discuss a pro-
gram of activities to be recommend-
ed to the association.

The township was divided into six
sections with three north of the
Mays road and three south of the
road. Each one of the six directors
was assigned a section for which he
will be responsible in all of the as-
sociation's activities.

North of the Mays road, Claude
Sears was assigned the west sec-
tion; Paul McDaniel the center sec-
tion, and Earl Wright the east sec-
tion. South of the Mays road, John
Gilson was assigned the west sec-
tion; Orville Brooks the center sec-
tion, and Walter Bitner the east sec-
tion.

Each director will make a drive in
his section for members to the as-
sociation. Each one is hoping to se-
cure every farmer in his section as
a member.

The directors also decided to
make a soil survey of the township
to determine the need of lime. Each
director will take the county agent
four or five samples of soil from his
section. These soils will be tested
for acidity and a report on the con-
dition of the township will be made
at the Center township institute on
January 7. If the soils show a need
of lime, the directors plan to start
a number of demonstrations with
limestone to show the need of lime
on acid soils.

The directors expect to take up
other local problems from time to
time.

EXPECTED TO NAME COMMISSION TODAY

Body of Three Men Will Sit Prac-
tically Continuously and Make
Changes in Miners' Wages

GREATER INCREASE LIKELY

(By United Press.)
Washington, Dec. 18.—President
Wilson probably will announce late
today his selection for a three man
commission to investigate the min-
ing situation, it was learned at the
White House.

The commission will be composed
of a practical miner, an operator
and a representative of the public
and its duty will be to sit practical-
ly continuously and make changes in
the miners' wages and working
hours, as changing conditions in the
coal fields warrant.

It was Wilson's proposal to ap-
point such a commission, the pro-
posal which caused the miners to
call off the recent strike and agree
to the 14 per cent wage increase.
It is believed here that the coal
commission probably will recom-
mend a greater increase than the 14 per
cent after they look into the situa-
tion.

Congressmen who opposed the
commission plan fear the public
having only one representative on
the commission, will be forced to
pay the miners the increase in high
er coal prices.

If it had not been for the Salva-
tion Army kettle today, the Daily
Republican-Salvation Army Christ-
mas fund would have been tempted
to "throw up the sponge" and leave
the unfortunate little folks and
grownups to their fate Christmas
day, but the kettle saved the day
by collecting \$10.33.

The sum total of all other contri-
butions was \$3.50, which made the
day's report only \$13.83, the small-
est in many days. Even against the
odds, it is hoped that the fund can
recover from the slump and make
good yet.

In any event, the future does not
look very promising because the
managers of the fund have already
contributed to date, on the theory
that the good people of Rushville
would not sit by and allow those
less fortunate than themselves pass
a cheerless Christmas.

In spite of the poor support, the
fund's responsibility this year is
greater than ever because the num-
ber of children, especially, who are
without hope of Christmas cheer, is
growing bigger daily. Sixteen more
were reported to the purchasing
committee today, after it was
thought that all had been listed.

The school children of the city
will show what they can do for the
poor people, tomorrow, when they
take their contributions to their var-
ious schools. They have been asked

AFFIRMS DECISION OF JUDGE SPARKS

Supreme Court Upholds Local Court
in Sustaining Motion to Quash in
McDonald Case

MINOR CHILDREN INVOLVED

The supreme court of Indiana has
affirmed the decision of Judge Will
M. Sparks, made May 8, 1919 in the
Rush circuit court in the case of
John McDonald of Connersville, for-
merly of this city, against Luther
Short, superintendent, and trustees
of the Indiana Soldiers' and Sailors'
Orphans' home in Center township.
The plaintiff endeavored by habeas
corpus proceedings to gain control
again of his minor children, Helen,
Hazel, James and Josephine McDona-
ld, whom he placed in the home
while in straightened circumstances.

At the hearing in the local court,
McDonald represented that he was
now able to care for the children and
asked that they be restored to his
custody. The defendants filed a mo-
tion to quash the proceedings, which
was done by Judge Sparks.

In its opinion, the supreme court
does not go into the merits of Mc-
Donald's case, that sets forth that
Judge Sparks did right in sustaining
the defendant's motion to quash be-
cause the plaintiff did not proceed
correctly. The higher court says
McDonald should have filed a mo-
tion to modify the order which his
minor children were sent to the home.

LIKELY TO REMAIN IN THE FIFTH CLASS

Rushville Expected to Continue as
Fourth Class City Because Law
Will Probably be Changed

TOPIC FOR SPECIAL SESSION

Chief of State Board of Accounts
Advises Postponing Appoint-
ment of Board of Works

Judging from the interpretation of
the law by Jesse Eschbach, chief
of the state board of accounts, giv-
ing in replies to requests from the of-
ficials of several Indiana cities, Rush-
ville will undoubtedly remain a fifth
class city despite an Indiana statute
which says that any city with tax-
ables amounting to seventy million
dollars or more, shall become a city
of the fourth class.

Rushville finds itself in the same
condition as scores of other cities
in Indiana by virtue of the new In-
diana tax law which increased the
valuations of all classes of prop-
erty. The question of taking advantage
of the law to become a fourth class
city has never been discussed at a
meeting of the city council and it is
not probable that any effort will be
made to raise the classification of
Rushville.

Changing from the fifth to the
fourth class would involve an ex-
pense of approximately \$7,000 a
year in salaries, it is said, because
the mayor would be entitled to \$500
a year additional salary and a board
of works of three members at \$1,200
a year each, would be necessary.

Mr. Eschbach, in a letter to Mayor
Frank S. Jones of Columbus, de-
clared that the hope exists that the
special session of the legislature will
consider the law and make changes
necessary to take care of the exist-
ing conditions in the government of
fourth class cities. Mr. Eschbach
points out that there is a difference
of opinion relative to the laws re-
garding the appointment of a board
of works. He says:

"Section 6 of the Act of 1909,
page 463, provides that the mayor,
city engineer and commissioner of
public works of a fourth class city
shall constitute the board of works
of such city, unless the city council
by ordinance provides for a board of
works to be appointed by the mayor."
"It appears that the act of 1913,
page 997, amends the 1909 act men-
tioned and that the act of 1919,
page 75, amends the 1913 act. The
1913 act and the 1919 act provide
for appointment of a board of works
consisting of three members whose
salaries shall be not less than \$1,200
per year."

"We realize that this would im-
pose an expense upon cities recently
advanced to the fourth class, which
seems an unnecessary hardship. In-
creased valuations, by virtue of the
new tax law, have raised the classi-
fication of many cities, but have not
increased the salaries of the members
of such boards. It is for this reason
that the board of works were not provided for
in the act of 1919."

PRE-CHRISTMAS RUSH IS AT HAND

Postoffice Patrons are Urged to Mail
Gifts Early and Make Usual No-
tation on Outside

DEAD LINE IS ANNOUNCED

Schedule For Mailing of Parcels to
Reach Given Destination is Re-
ceived by Postmaster

The pre-Christmas tide of parcels
and first class mail has begun at the
local postoffice and is swelling daily.
It will not be long until the force at
the local office will be in the midst
of the busiest season of the year. In
order to get the best service, send-
ers of gifts are urged to mail their
parcels early. They are still per-
mitted to write on the outside of each
package, "Not to be opened until
Christmas."

In the first place it is hardly pos-
sible to send a parcel anywhere, and
to gauge the time so carefully that it
will be delivered on Christmas day.
If it is sent at a carefully calculated
time, intended for delivery on
Christmas day, the chances are
many that it will be one of a moun-
tain of such, and that it will wait a
day or two for delivery. A gift re-
ceived any time between now and
Christmas, will be a Christmas gift,
and the delivery of those sent early
in good time and in good condition,
is better assured than if the patron
waits until the inevitable last day
rush when postal employees are bur-
ied under an avalanche of sendings.
The same is true of express ship-
ments.

A schedule for the mailing of
Christmas gifts was made public to-
day by the local postoffice, with a
request that it be followed as close
as possible by the gift senders of
the county in order to avoid delays
in the transmission of Christmas
mail. Parcels mailed later than the
dates specified in the schedule will
not likely reach their destination in
time.

Following is the schedule:
Thursday, Dec. 18—Parcels for
Florida, Kansas, Louisiana, Maine,
New Hampshire, Nebraska, Okla-
homa, Texas, Vermont.

Friday, Dec. 19—Parcels for Ala-
bama, Arkansas, Georgia, Mississi-
pi, North Carolina, South Carolina.

Saturday, Dec. 20—Connecticut,
Delaware, Iowa, Maryland, Massa-
chusetts, Michigan, northern Penn-
sylvania, Minnesota, Missouri, New

1920 WAR SAVINGS CERTIFICATES HERE

Differ in Color and Size From All
Previous Issues But the Design
is the Same

WILL BE PUT ON SALE JAN. 1

The first 1920 War Savings
Stamps were received at the Rush-
ville postoffice today and will be
placed on sale on January 1 for
\$4.12, the price increasing one cent
each month.

The certificates differ in color and
size from all previous issues, but the
design is the same. The 1920 cer-
tificates bear a likeness of George
Washington, the same as the first is-
sued in 1918, but the color is red,
whereas the 1919 certificates are
blue and those sold in 1918 were
green. This year there was a picture
of Benjamin Franklin on the certi-
ficates. The 1920 certificates are
larger than those of 1919, but not as
large as the issue of 1918.

Three stamps are the same from
year to year and may be exchanged
for War Savings Certificates at the
current price at any time, regardless
of the time they were purchased.

"Luck in Pawn" Here 2 Days

A brand new kind of pawnbroker appears in Marguerite Clark's Paramount-Artcraft picture, "Luck in Pawn," to be shown at the Princess Theatre today and tomorrow. Generally such a character is represented on the stage and screen as a grasping, selfish person without a heart who take advantage of innocent people. Marvin Taylor, who wrote "Luck in Pawn," is convinced that there are kind-hearted pawnbrokers as well as hard-hearted ones. With the idea of vindicating in some degree the much maligned profession, he portrayed Armsberg, the pawnbroker character in the picture, as a sympathetic individual who helps the heroine, played by Miss Clark, out when she is pressed for funds and even stakes her in her attempt to shine at a fashionable ball given by her millionaire admirer. The part of Armsberg is played by John Stepping and is said to furnish a thoroughly enjoyable bit in this entertaining comedy picture.

Besides the Marguerite Clark picture, Fatty Arbuckle will be shown at the Princess in connection with the feature, in his latest comedy, "The Hayseed," which is said to be up to the usual standard of the Arbuckle comedies, and is a good laugh producer.

Final Chapter Tonight—Mystic

The Mystic theater shows tonight the final episode in the serial, "Elmo the Mighty," featuring Elmo Lincoln. This final chapter, "Unmasked," is said to be a thriller from start to finish, and is the kind of a picture that will hold the interest until the last scene. A two reel western, "The Last Outlaw," will also be shown tonight.

"Oh, east is east and west is west, and never the twain shall meet."

That oft quoted phrase of Rudyard Kipling may or may not be true, but west and south meet on common ground in "Sundown Trail," a new Universal six-reel production starring Monroe Salisbury, which comes to the Mystic Theatre on Friday.

Salisbury is seen as "Quiet" Carter, Southern aristocrat, who finally finds himself in "Spanish Bay," the wildest, wildest mining camp of "the west that was."

Salisbury discovers that southern courtesy is not as desirable around the village as a quick draw with a gun.

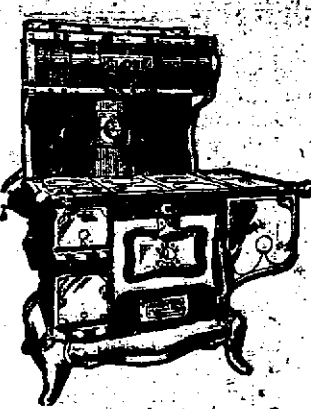

How "Quiet" Carter beats the track coated bully of the camp and saves the girl he loves from a fate worse than death provides the vital dramatic situations of the story.

LAST OBSTACLE REMOVED

Nothing Stands in Way of Deportation of Goldman and Berkman

Washington, Dec. 18.—The last obstacle to the deportation of Emma Goldman and Alexander Berkman, anarchist leaders, was removed today when the supreme council granted a request for the withdrawal of Goldman's appeal against the deportation order.

A similar appeal by Berkman was denied a few days ago by the supreme court but a request made by attorneys for Goldman who desired to return to Russia with Berkman, was accepted.

"MONEY"

MAKES THE MARE GO"

It takes oil to make the machinery go. It takes oil to make machinery last. Many a good machine has never been recognized simply because of a poor oiling system. Drop in and see the "Rushville Special" Spreader and let me show you what elaborate effort and tireless energy have been absorbed in making this machine almost fool proof when it comes to oiling.

Efforts have been made to produce bearings that would not require oil, but without entire success. The railroad companies in building their freight and passenger cars, and the Litchfield Mfg. Co. in building the "Rushville Special" Spreader have come about as near it as seems possible. The main bearings of my spreader carry an oil chamber on the under side, packed with waste which feeds the oil against the axle like a wick feeds kerosene to the blaze in a lamp. The weight and all the main driving power in a spreader must be sustained by the main rear bearings, and this oiling is most important. These bearings are known as self-oiling bearings.

The "Rushville Special" Spreader is equipped with hard oil cups at all lubricating points, except these self-oiling bearings. Each oiling arrangement is so devised that it will stand much abuse and mis-use, and cold weather. Of course, this machine needs oil, but not an EXPERT to apply it.

Buy this machine now. Don't starve your land for the sake of an uncertain, possible saving in some other manner. It doesn't pay. The "Rushville Special" Spreader will make its cost back for you while you are "looking around." Come in and let me prove it.

Gives Permission to Use Name

Eugene Palmer, Lawrence, Mass., writes: "Foley's Honey and Tar relieved me of a cough from which I had been suffering for weeks. You have my full permission to use my name any time you wish in any advertising matter." This fine old family remedy is in great demand right now for colds, croup and bronchial and grip coughs. Foley's Honey and Tar acts almost instantly, cuts the phlegm, soothes the raw and irritated membrane, clears breathing passages. F. B. Johnson. (Adv.)

Did You Get Yours

Just a short time ago a big Chicago mail order house called its stockholders together and declared a special dividend of 20 per cent. That was in addition to one regular dividend already paid this year, and to another that will be declared in January.

When we read about it, and knowing as we do that dozens of people in Rushville and vicinity send their money to that concern for the same goods they can get just as low-priced here at home, we wondered if any of them read the same thing and realized that they helped to pay that extra dividend. We also wondered if

they realized that when those stockholders in the Chicago mail-order house want anything to wear or eat; when they want carpenter or repair work; when they want medical or legal aid they get it in Chicago, and not out in the towns from whence their money comes.
Your home merchant isn't paying himself any "special dividend" of 20 per cent. But even if he does it looks better to us, because he spends it right here, at home and all of us get some benefit from it. Not only that, but the home merchant helps to keep up the streets and sidewalks, helps to support the schools and churches and is digging into his pocket every time charity makes a call. On the other hand the Chicago mail-order men take your money, make a big profit or they could not declare dividends of 20 percent—and you never reap one penny in benefits.

Let The Women Alone

Innumerable well meaning people throughout the country are taking the women to task for their vagaries in dress.

They point to the fact that the modern dress exposes a few inches of feminine charms, and they see as a consequence the prompt demoralization of the world.

But why all of this hubbub over what a woman wears?

Is her form one of which she should be ashamed? Ask the men!

Eve was garbed in flowing hair and a fig leaf, yet Adam appears not to have been disturbed at this fact. She was Eve, and that was sufficient for him.

She represented the most beautiful thing in all of the world to him—and from the days of Adam the verdict of man has not changed.

Sap and Salt

By BERT MOSES

Love doesn't last long if you work at nothing else.

It is hard to quarrel with a man who won't answer back.

An empty jail is the highest reference a town can have.

You can always find a lazy man giving advice to men who are busy at work.

Troubles must have their uses, for heaven knows there are enough of them.

Hez Heck says: "Some women peel onions when they have nothing else to weep over."

ful thing in all of the world to him—and from the days of Adam the verdict of man has not changed.

The artist sees nothing immodest in the woman who poses for him, because it is art.

The savage respects the woman who clothed only from the waist to the knee, because it is the custom of his country—and custom makes right.

The evil, we fear, is often in the eye of the critic and not in the object of his criticism.

"Let him who is without sin cast the first stone".

And, in the meantime, let the women alone—bless 'em!

No matter how much we may desire to forget him, old man Carranza just keeps right on shaking his whiskers in our faces and asking us what we are going to do about it. One of his latest stunts was to stir up and foment the bolshevistic activities in this country, with a view to the overthrow of the government. If old Carranza ever finds his way into hell, the devil will surely take to his heels.

Sam Gompers urges that the government should retain the railroads another year, which is another reason why they should be returned to the owners at the earliest possible moment.

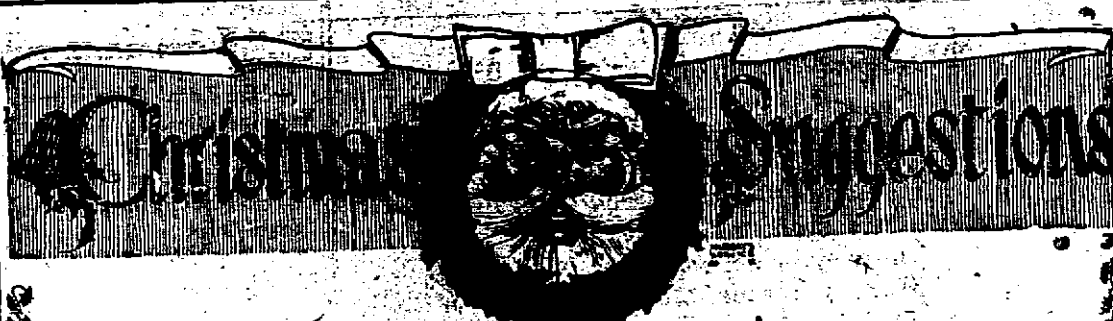

Many a fellow thinks it is opportunity knocking at his door when in fact it is only some fellow with a lot of cheap oil stock he wants to dispose of.

Sometimes as we go along the street we are convinced that if there is a shortage of anything in this world it isn't talcum powder.

No Rushville man is so absent-minded but there are a lot of things he would like to forget.

They tell no better one than this on the Pennsylvania Germans, in the territory contiguous to Lancaster, Lebanon and Allentown, Pennsylvania. A macaroni manufacturer was searching for a macaroni plant in Allentown and he stopped five pedestrians and asked them if they knew where it was. Solemn shaking of heads. "I ain't got the slightest ideas." The sixth man said: "Macaroni factory?" I ain't got the slightest ideas." But, he whistled after the disappointed stranger and said: "Say, you don't mean de macaroni factory. You mean de noodles factory, ain't it? Noodles? Noodles?" "Oh sure. That's it! Same thing, almost," said the stranger. "Where is the noodles factory?" "I ain't got the slightest ideas," said the native, and walked soberly away.

BY MARVIN TAYLOR
SCENARIO BY ALICE EYTON
DIRECTED BY WALTER EDWARDS

A Paramount Picture

Mr. and Mrs. Frank Reeves entertained about a dozen guests last evening at their home east of Rushville with a pitch-in oyster supper.

The Mahoning Council No. 36, will meet in the Red Men's hall tomorrow evening. Business of much importance will be transacted at this time and all members are urged to be present.

Mrs. B. L. Traub was hostess for the members of the Ladies Missionary society of the First United Presbyterian church yesterday afternoon at her home in North Harrison street. Mrs. Traub was in charge of the program, the subject of which was "Justice and Brotherhood."

The Industrial club will meet tomorrow with Mrs. Ed Short in West Second street. The pitch-in supper which was to have been given in connection with the meeting, has been changed to a pitch-in dinner. At this time a Christmas program will be given and gifts will be exchanged. All members of the club are asked to be present.

Mr. and Mrs. George E. Moore were delightfully surprised at their home Tuesday evening, it being given in honor of Mr. Moore's 25th birthday. The guests were F. C. Moore and daughter Susan, and son D. W.

Moore, Mr. and Mrs. Lewis Baker, Mr. and Mrs. Edward Moore and son, Mr. and Mrs. Charles Moore and son, Mr. and Mrs. Willard Farthing, Mr. and Mrs. Raymond Sefton, Mr. and Mrs. Otis Freeman and Dr. and Mrs. J. A. Smith of Clarksburg. Refreshments were served at the close of the evening.

Wednesday evening Edmund Gartin entertained with a dinner party to celebrate the opening of his new home in North Main street. The guests were Mr. and Mrs. T. K. Hiner of Indianapolis, P. Dutches Westfall of Spencer, Margaret Morton and son Earl Morton, Mr. and Mrs. George Monjar, Miss Jessie Anderson, Mrs. John Hiner and Mrs. Joseph Pugh of this city.

The C. W. B. M. of the Plum Creek Christian church met at the home of Mrs. Fred Bell, yesterday afternoon with Mrs. George W. Kemmer as leader. The program consisted of readings by Mrs. Jesse Morris and Mrs. George H. Meyer; piano solos by Mrs. Iva Smalley and Mrs. Harley Spacy and two vocal solos by Mrs. Alva Eakins and Mrs. Rice Bishop. During the business session six new members were taken into the club. Refreshments were served at the close of the meeting. The assisting hostess was Mrs. Linnea Hays.

Miss Frances McMahon was hostess for the members of the Loyal Daughters class of the Main Street Christian Sunday school last evening at her home in West Second street. The rooms were decorated in the color scheme of red and green, holly being used in profusion. Twenty-five members were present for the business session which was held and during which the annual election of officers took place. Those being elected were: President, Mrs. Perry King; vice-president, Mrs. Norman Crum; secretary, Miss Dora Winkler; assistant secretary, Miss Frances McMahon. The class re-elected the treasurer, Mrs. Dick Smith and the same teacher, Mrs. Walter Frazee and assistant teacher, Mrs. Albert Allen. During the social hour which followed delicious refreshments were served by the hostess and assisting hostesses, Miss Pauline Cowing, Miss Sue Feaster and Miss Florence Smiley.

The home of Mrs. John A. Titsworth in North Perkins street was the scene of a beautiful Christmas party yesterday afternoon when Mrs. Titsworth and Mrs. Louis Lambert entertained from 1:45 to 3:45 p. m. and from 4 to 6 o'clock with a Christmas program. The home was artistically decorated throughout with Christmas colors of red and green. Holly and miniature Christmas trees were placed about

Dainty Gift Handkerchiefs

If you want to show your thoughtfulness and at the same time present a gift that will be appreciated, choose a half dozen silk or linen handkerchiefs. Gift shoppers will find it profitable to select from our extensive displays where the new and novel are featured at moderate prices.

A Cozy Sweater

A warm sweater will not only gladden the heart of any woman or girl, but with the presence of cold weather, it is a real necessity for genuine comfort. Our assortment of sweaters, as well as scarfs and caps, include a wide variety of styles and beautiful color combinations.

Toilet Requisites For Gifts

Perfumes and toilet waters are always acceptable. We carry only the standard, high grade goods.

Coats, New and Different

Only by seeing and feeling the wonderfully thick, cozy, woolen and pile fabrics; only by seeing the care in making, the good linings, the painstaking details, can one really have a true picture of the nature of our values. It will be to the advantage of every woman who will buy a new coat this winter to investigate these garments of the better quality and style.

Bath Robes of The Better Sort

Few people buy them for themselves, but nearly everyone wants one. Very special values have been provided for Christmas selling.

Another Worthy Hint — Blankets

Mother will appreciate a pair of our blankets. They are well made, uniform in thickness and quality and distinctly a worthy gift.

Bargains in Suits

Any woman who is planning to select a smart suit for general wear could not do better than to see the offerings in this special selling. There is a splendid variety of colors in a full range of sizes. The prices are truly remarkable.

The Dress Shop Supreme

Betty Wales is the leading lady in our dress department. There are myriads of frocks here of tricotette, satin, georgette, taffeta, tricotine, jersey and serge. Many evening costumes are here too, for your choosing.

Middy Suits

Could you please a girl of 10 or a miss 16 better than by presenting her with a fine French serge middy suit with pleated skirt and authorized emblems. All sorts of middies of flannel, serges and jeans are here.

Luscious Negligees

Each one is so totally different from the other. The shadings are exquisite, the fabrics are elegant. If you desire a gift out of the ordinary, go no further.

If It Is To Be Furs

for yourself or as a Christmas gift, first consider quality and dependability, and naturally you will come to this store. Here you will see the season's favored pelts in capelets, scarfs, throws and muffs, correct in every detail of style and perfect workmanship.

Ivanhoe Gloves

There is an age old sentiment that has always made gloves an acceptable and popular gift, alike to the giver and the recipient. In addition, gloves of the high character of Ivanhoe gloves are well worth giving.

Furs Like Mother's

During the past week we have received some very pretty fur sets for girls of all sizes. It will be well to choose soon.

A Pretty Kimono

These come to us direct from Japan. You may choose almost any color—each bears the delicate handwork of the Japanese women. Corduroy, break-fast or lounging robes, too.

Mrs. Clarence Walden of Connersville, soloist, and Mrs. W. D. Long of Indianapolis, reader, provided the splendid program for the afternoon. The vocal selections of Mrs. Walden were: 1—"The Lord is My Light"; 2 (a)—"But Why," (b)—"Ecstasy," (c)—"Will-O'-The-Wisp." These numbers were followed by several encores which were greatly appreciated. Mrs. Long's readings were given in southern dialect and were appropriate to the Christmas season. The reader's selections were very entertaining and brought forth much applause. One hundred and forty ladies were present during the two hours, the out-of-town guests being Mrs. Fred

Lightfoot, Mrs. Horace Glidden, Mrs. Fred Bishop and Mrs. Rice Bishop, all of Raleigh; Mrs. B. E. Carfield of Indianapolis and Mrs. Fred Catt of Arlington. Light refreshments were served by the hostesses.

ball Contest Tomorrow Night
—Second Team Will Play**

TO GET REVENGE ON FAIRVIEW

Coach Sutton, of the high school
basketball squad, announced today
that the line-up for the game here
tomorrow night when the team plays
Liberty, will be Miller and Lowell
Headlee, forwards, with Emerson
Headlee at center, and Frazee and
Eakins playing guards. He also
stated that if Rushville gains a lead
the substitutes will be played in the
last half.

The game on the schedule for Jan-
uary the third is Newcastle, and
because the schools will be closed
here and the building will not be
heated, the local coach was trying to
arrange the game for the earlier
part of next week, Tuesday or Wed-
nesday night. No game is scheduled
for the Friday night following
Christmas.

The second team will also play
the second team tomorrow night here
as a curtain raiser, meeting as
their opponents, the Fairview team.
A few weeks ago the Fairview team
defeated the locals and the second
team will be out for revenge tomor-
row night.

Ask Your Bank's Advice!

John Holbrook, a good farmer, was stuck with
\$2000 worth of wildcat oil stock. "Help me to
get out," he begged. "It's too late," his banker
replied. "If you had asked me at first I would gladly
have advised you; now your money is gone."
This bank seeks always to advise the farmers of our
county so they will make money. In a broader way,
such advice is given weekly by

The COUNTRY GENTLEMAN

Our bank is not merely a place to keep money. The best part
of our duty is the free giving of

GRADUATED SCALE FOR AUTO LICENSE

Fees Will Also be Higher For 1920
Because of New Registration
Law in State

NO FLAT SUM FOR TRUCKS

Cost of License Will Depend Upon
Its Capacity—Each Trailer to
Cost \$3

Automobile licenses for both trucks and pleasure cars for 1920 will be somewhat higher than they were for 1919, in accordance with the new registration law which will become operative in making application for the new licenses.

Heretofore the cost of a license for an automobile truck was the flat sum of \$5.00 regardless of the size, and trailers were not regulated by law, while the new license scale for trucks follows:

For a truck of one-fourth ton capacity and less than three-fourths tons capacity, \$6 and \$3 additional for each trailer. For a truck of three-fourths tons capacity and less than one ton, \$8 and \$4 for each additional trailer. For a truck of one ton capacity and less than two tons capacity, \$10, and \$5 for each additional trailer. For a truck of two tons capacity and less than three and one-half tons capacity, \$20 and \$10 for each additional trailer. For a truck of three and one-half tons capacity and less than five tons capacity, \$30 and \$15 for each additional trailer. For a truck of five tons capacity, and less than seven and one-half tons capacity, \$40 and \$20 additional for each trailer. For a truck of seven and one-half tons capacity and over, \$50 and \$25 additional for each trailer.

Under the new law, no truck of greater capacity than 10 tons is permitted on the public highways of the state.

The sliding scale, according to horse power, though slightly changed is retained in case of auto licenses for pleasure cars. In the past, machines of 25 horse power and less, cost the owner \$5 to register with the secretary of state, while under the new law, autos of less than 25 horsepower requires a \$5 fee for registration. If the machine is even 25 horsepower, the state is given the benefit, and the owner will be required to pay \$8 for his license plates. The \$8 fee will include cars up to 39 horsepower, while cars of 40 horsepower will cost \$15. The \$15 fee takes all cars up to 50 horsepower while license plates for autos of 50 horsepower or over, will cost \$20.

DAIRYING SHOWS INCREASE

North Dakota Statistics Reveals
Dairying and Wheat Equal

Bismarck, N. D., Dec. 18—North Dakota is no longer a "one crop state".

In two years, according to J. J. Osterhaus state dairy commissioner, the value of the dairy products of the state will equal that of the wheat crop. Osterhaus based this claim on a one hundred per cent increase in the dairy returns to North Dakota farmers this year over last. In 1918 the farmers of the state realized \$25,000,000 from dairying; this year they received \$50,000,000. Wheat brought in \$168,000,000 in 1918; \$112,000,000 in 1917, and over \$100,000,000 this year, though under abnormally high prices.

ABANDONS TRIP TO THE BATTLE FIELDS

Edward Evans of Gwynneville Ex-
pected Home From Visit in
England by Christmas

SAYS IT IS A BUSY PLACE

Edward (Ted) Evans of Gwynneville, who sailed for England several months ago to visit his relatives in Dulley, England, is expected to arrive home by Christmas eve. A letter received from him, which was written Nov. 28, states that although steamship sailings are very uncertain, he expects to be on his way home by the middle of December.

In his letter Mr. Evans states that England is very busy at this time and that the English people are working with all force to reconstruct the country following the war. He states that the saloons of Dulley, are open only from noon till 2 p. m. and from 6 till 10 each evening. Mr. Evans writes that he had the opportunity to go to the battlefields of France and Belgium, but

"SLOAN'S LINIMENT NEVER FAILS ME!"

Any man or woman who keeps it handy will tell you that same thing.

ESPECIALLY those frequently attacked by rheumatic twinges. A counter-irritant, Sloan's Liniment scatters the congestion and penetrates without rubbing to the afflicted part, soon relieving the ache and pain. Kept handy and used everywhere for reducing and finally eliminating the pains and aches of lumbago, neuralgia, muscle strain, joint stiffness, sprains, bruises, the result of exposure to weather.

Sloan's Liniment is sold by all druggists, 35c, 70c, \$1.40.

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arcline and pour it into a pint bottle, then fill the bottle with water that has been boiled. Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-Feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-Feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you. Seven a day for seven days—Wonderful results.

Dear Santa: Please bring me a coaster sled, an airplane, B. B. gun, and some bananas, candy and nuts. Your little boy, COLVIN STEWART

To the American People

IT is the declared purpose of the United States Government to restore the railroads at an early date to the control of their owners.

The Association of Railway Executives represents those upon whom at that time responsibility will again rest for the prompt and successful movement of the country's commerce.

Those constituting this Association are keenly conscious of their accountability to the public.

They have accordingly determined to present as fully as they can, the fundamental facts and considerations which they themselves

must face in their efforts to provide satisfactory railroad service.

It is hoped to engage the interest of the whole American people, whose welfare is so vitally dependent upon adequate transportation.

The country can grow only as the railroads grow. The railroad problem must be solved—and solved rightly and soon—if our country is to prosper.

It is to promote that prosperity—permanently and in the interest of the whole people—that railroad executives will present to the public the situation as they see it.

A Novelty in Fans

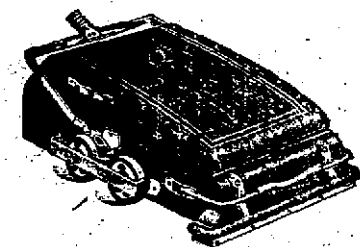

Small palm-leaf fans, all decked out with pretty furbelows are among the novelties that have been brought out for Christmas gifts. These fans are first painted any desired color and then varnished. Then the edge is bound with ribbon having a picot edge or with gold or silver braid or other fancy binding. A spray of millinery flowers is tied against the handle, on one side of the fan, and the handle wound with ribbon that is tied in a bow below the flowers. Or flowers may be painted on the fan or made with sealing wax, as in the fan pictured here. This sample is bound with silver braid and has a long tassel of silver tinsel besides a ribbon bow on the handle. It is pretty in turquoise blue, rose color, red, etc., with ribbon and flowers in colors that harmonize, and is easy to make at home.

Player Pianos

You've heard piano players—good, bad and indifferent, but nothing better than the

Jesse French Player Piano

It is so thoroughly enjoyable to a lover of music as a beautiful composition artistically rendered. Nothing is quite so distressing to the sensibilities as discordant notes and expressionless drumming. Everyone and anyone can faithfully produce the composer's genius and the artist's touch on one of these piano-players. A child or a novice can perform with a master's execution. Then, too, one of these fine instruments is a wonderful decoration to the home—a Christmas gift of enduring pleasure, entertainment and luxury.

Why your choice will be the All-Record Playing Instrumentized

The Instrumentized Tone Throat—the triumph of the Dalton, embodying the scientific principles of instrument acoustics, applied through deft skill of hand workers. Their careful, individual shaping of the long-seasoned wood is not factory work, but the prideful touch of the real instrument maker. Its result is the tone inimitable of the Dalton.

Orchestra Shell-Tone Chamber—This is the amplifier that makes the tone "carry." Here, in this all wood sounding chamber, shaped as scientifically as an orchestra shell, the Dalton gets its wonderful resonance and clarity.

Motors—Two and three-speed according to size of instrument. Long running, easy-winding and guaranteed against spring breakage.

Volume Regulation—An inconspicuous adjustment at the side of the cabinet suits the volume of sound to the room without affecting its true-to-note quality. Its effect is of distance, not a throaty or muffled.

Record Self-Stop—Automatically halts the disc at the last note of the record.

Cabinet Work—Selected wood, specially treated to give permanence to acoustic qualities, and its delicate grain brought out with the richest skill of the finisher's art.

The Auto-File—Makes the misplacement or confusion of records impossible. It is a remarkable device with its more-than-human carefulness for your record.

Tuberculosis Kills 150,000 AMERICANS every year.

And yet Tuberculosis is Preventable and Curable.

The National Tuberculosis Association is conducting a sale of Red Cross Christmas Seals, beginning December 1.

The proceeds of this sale will be used to combat humanity's most deadly enemy—The White Plague—in every community in the United States.

Approximately 92 per cent of the money raised in your state will be spent there.

This Campaign to save AMERICAN lives will succeed if you do your part.

Get in touch with your state or local Tuberculosis Association.

Buy Red Cross Christmas Seals, or Health Bonds.

Don't wait for the Seals to come to you.

RED CROSS OFFICIAL APPROVES SEAL SALE

Dr. Livingston Farrand, Chairman of the Central Committee, American Red Cross, Expresses Hope That Public Will Give Generous Support.

SALE IS NOW UNDER WAY.

More Than 650,000,000 Seals Must Be Disposed of to Insure the Success of the Nation-Wide Educational and Preventive Campaign of the National Tuberculosis Association in 1920.

Dr. Livingston Farrand, executive head of the American Red Cross, has given his unqualified endorsement of the 1919 Red Cross Christmas Seal sale, which is now under way and which will extend for ten days under the auspices of the National Tuberculosis Association and its 1,000 affiliated organizations. A fund of more than \$6,500,000, which will be used in the 1920 educational and preventive campaign, will be raised through the sale of the seals.

Acquainted as he is with all questions of general health community improvement and relief because of the nature of his work and office, Dr. Farrand's endorsement is based upon an expert knowledge of what the National Tuberculosis Association has accomplished and will accomplish in the future. His letter to Dr. Charles J. Hatfield, Managing Director of the National Tuberculosis Association, follows:

"I have been greatly interested in the plans that the National Tuberculosis Association is making for the sale of Christmas Seals during the coming holiday season. The success of that effort is indispensable to the carrying out of the far-reaching plans of the Association in its fight against tuberculosis in this country.

"The American people, in common with the nations of Europe, are becoming aroused to the critical importance of the problem of vitality and conservation of health as the necessary factor in re-establishing the world after the devastation and destruction caused by the war. Of all the preventable diseases, tuberculosis takes perhaps the first place in importance. For that reason I view with keenest sympathy and approval the splendid work which the National Tuberculosis Association is conducting, and I trust that the response of the American people in the Christmas Seal Campaign will be generous and universal. Sincerely yours,

(Signed) LIVINGSTON FARRAND, Chairman, Central Committee, American Red Cross."

A Chalmers Starts and Runs as well in December as in June

SO many cars run well in June, and not in December. Most prefer the warm weather.

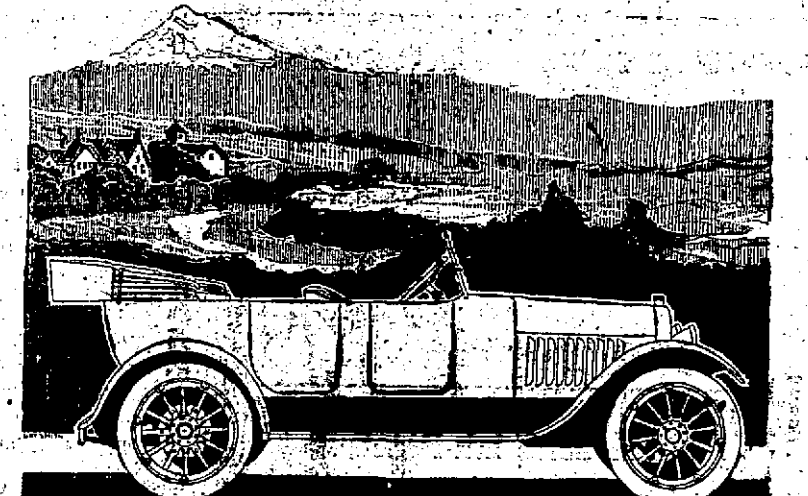

A Chalmers starts on a cold day almost instantly on account of its Hot Spot and Ram's-horn, and runs velvety "on all six," with no visible vibration.

Hot Spot vaporizes the raw gas "to a fine cloud," warming it up, and Ram's-horn dispatches it evenly, quickly, scientifically to all six cylinders.

They render a magnificent service in overcoming vibration, which is the origin of 90% of the troubles in a motor car.

That is why a Chalmers of today runs so many miles with such freedom from attention. Service Department records supply abundant proof that Chalmers is one of the few great cars of the world.

HEALTH BONDS POPULAR

The demand for the Health Bonds which the National Tuberculosis Association issued this year for the first time are meeting with a ready sale. The bonds are in graduated denominations, the smallest being for \$5. In the past some of the large business houses and other large contributors found it difficult to use up the number of Red Cross Seals their subscriptions called for. The bonds have been issued for the convenience of large subscribers and the proceeds of their sale will be used for the same purpose as the Christmas Seal funds—the financing of the 1920 effort to reduce the number of deaths from tuberculosis in the United States. Last year the disease claimed 150,000 lives. The health bonds can be obtained from state and local tuberculosis associations.

INDIANA TO HAVE NOTED HORSEMAN

Water Cox, Well Known Trainer, Has Been Engaged to Train For S. A. Fletcher at Indianapolis

IS FROM NEW HAMPSHIRE.

Man Qualified as a Trainer and Works Because he Likes it And Not For The Money

By W. H. SMOLLINGER
Secretary of the American Trotting Association
(Written for United Press.)

The news that Walter Cox, familiarly known as "Long Shot", had been engaged to train for Laurel Hall Farm, Indianapolis, Ind., which is among the latest pieces of news in the trotting horse world, has aroused more interest and comment than anything similar that has happened during many moons.

It was whispered about during the trots at Lexington, Ky., last month, that Manager Greeley Winings, of Laurel Hall, had made overtures to Cox, but when this was mentioned on the quiet to friends of the lank, and lively-witted New England jehu, they simply laughed at the idea.

"Why" said they, "there isn't an owner in the world with enough money to tempt Walter to leave his home base of Granite State, Park, Dover, N. H. He is ideally situated there, he has first pick of all the best trotters and pacers owned in New England and on his staff are literally scores of men of wealth, all willing and anxious to have him buy and campaign horses for them on his own terms and no questions asked." He is his own boss and always has been and it is late in the day for him to begin being anything else.

"But that is not all," they said. "Walter Cox is the richest man that sits in a sulky today. He comes from a family of position in New England, he has brothers and relatives that are high-ups down that way. He doesn't have to train horses for a living. He does it just because it is life to him—he'd rather do that than anything else in the world. When you stop to think all these things over, you will see that there isn't a chance for him to go to Indiana."

So the wise men with their inside dope handed it out to their questioning friends. But Cox has also the reputation of being keen after the coin not only, but very capable of holding his tongue and counseling with himself alone in emergencies. He let his friends and followers scout the idea of his taking on the Laurel Hall proposition to the top of their bent. Then, a little bit later on, he took a train and journeyed out to Indianapolis, ostensibly to look over some yearlings that Laurel Hall was soon to sell at auction. And a day or so afterward the word went out that he had signed up to train for the big establishment that is owned by

Stoughton A. Fletcher, who is the leading banker and financier of the Hoosier metropolis.

Fletcher is a man who does things in a big way and being a multimillionaire, when he found that Cox was really open to suggestion from his end of the combination, he must have simply put up a set of figures to him that made the New Englander accept, in spite of everything else.

Curious people are debating about just what salary Cox will get at Laurel Hall. After thinking it over, they incline to believe that it is probably from \$20,000 to \$25,000 per year.

The big reason why Fletcher wanted Cox, practically at any price, is because he is the owner of Peter the Great, the king of trotting sires, and wants to race only the get of that horse. With this family Cox has had extraordinary success. Among others he has campaigned Mabel Trask (2:01 3/4), McGregor the Great (2:03 1/4), Margaret Drulen (2:03) Busy's Lassie (2:04 1/4) and Peter Scott (2:05), all by Peter and all marvelous performers—beside a lot more. Fletcher wants to have his Peters get the benefit of Cox's handling, in the natural belief that with it they will win enough to more than make his engagement a profitable one, no matter how big his salary.

It required 18 months to complete the enumeration work for the first decennial census in 1790. In 1920 the Census Bureau plans to complete the enumeration work for the entire country in from two to four weeks and announce the population figures in less than three months from the date the enumeration work is completed.

75 Per Cent of All Hauling Can Be Done by a Maxwell Truck

THERE are now more than 13,000 Maxwell trucks in use. And we cannot find a single business to which the Maxwell isn't adapted.

Up to this time we have listed over 300 kinds of businesses in which Maxwell trucks are employed.

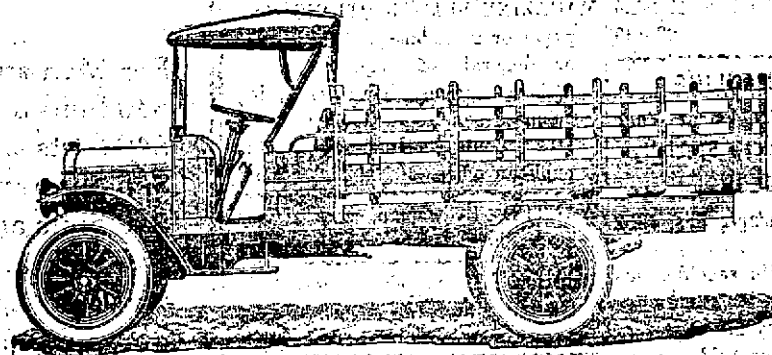

They will do everything a five-ton truck will do except haul five tons at one load. Five-ton trucks aren't better. They're merely bigger.

Big trucks spend more gas hauling themselves than the Maxwell uses at peak load.

How well those Maxwells have done their work is shown by a service record of 99.6% perfect—the greatest record ever made by a motor-driven vehicle.

The ingenious machines used by the Census bureau to count, sort and by the census enumerators at the tabulate the information gathered product of the Bureau's own laboratory. The sorting machines will take care of 300 cards per minute, the counting machine can do 500 cards a minute and the tabulating machine is capable of handling 400 cards each minute.

The way CORONA
records your thoughts is a delight to you and all who receive your Corona writing.

WORTH ATTENTION OF WOMEN
When you feel too tired to work, when dark spots appear under the eyes, when you wake up weary, with backache or pains in sides and loins, when muscles and bones ache, when you suffer rheumatic twinges, when lambo legs put you down, then you know the kidneys are weakened or disordered. Mrs. T. J. Bucknell, Route 1, Hardy, Neb., writes: "I am recovering from an attack of kidney bags, by the aid of Foley Kidney Pills. They surely have helped me." F. B. Johnson—(Adv.)

Detroit Weatherproof All-Season Tops

You cannot get about in the traffic of city streets with as much ease and assurance if your car is equipped with clumsy, dirty side curtains. No other top on the market with a door that can be as quickly raised for signalling. The man behind appreciates this. In seasonable weather some drivers like to have the car all open. You can do this with a weatherproof, and have both vision and comfort. It takes but a minute to make the change. They are the lightest, most flexible, and sturdiest tops, weighing but little more than the folding top on your car.

WE HAVE THEM IN STOCK. ORDER YOURS NOW.

SENATOR AND 134 MEN FACE CHARGES

T. H. Newberry of Michigan and Others Implicated in Election Fraud Await Their Trial

IS SET FOR JAN. 27 1920

Charges are That Fraudulent Means Were Used to Elect Newberry Over Henry Ford

Grand Rapids, Mich., Dec. 18.—Calmer of all those involved in the indictments resulting from the investigation of the campaign against Henry Ford for the senate is Truman H. Newberry, the man about whom the whole fight centers.

Charges and counter-charges have been made and reiterated. Supporters of Senator Newberry have declared they are proud they were a help in the campaign to beat Ford, and assert they have not violated the law in contributing or seeking funds to meet the expenses of the campaign.

Senator Newberry, who beat Ford, millionaire automobile maker, after one of the bitterest campaigns ever staged in Michigan, was not new in politics when he entered the race. Although he had never before run for office, he had long been a telling force in Michigan politics and under President Roosevelt was assistant Secretary of the navy for three years and finally Secretary of the navy for three months.

When Newberry and scores of his aides were arraigned before Judge Sessions here December 8, they stood mute, their attorneys explaining they had advised the defendants to stand mute as a plea of not guilty at that time would preclude the raising of technical questions later. Judge Sessions assented and set the trial date for January 27, 1920.

During the war, Newberry was commander of the Third Naval District. He was one of the founders of the Michigan Naval Brigade and in the Spanish war he served successfully as lieutenant, navigator and finally commander.

Newberry was born in Detroit, November 5, 1864. He was graduated from Yale university and entered business as a railroad superintendent of construction. In later life he was connected in the development of many of the city's industries and

UNIQUE CONTEST ON IN MONTGOMERY CO.

High Schools Take Part in Corn and Bread Judging Contest Held There Today.

THREE "MEN" TEAM USED.

Crawfordsville, Dec. 18.—Teams composed of three members each representing most of the high schools in Montgomery county were to compete in a corn and bread judging contest today here.

In judging the corn four methods will be observed.

Oral quiz on score card and description of a perfect ear of corn; placing five ears in order of merit; placing three ten-ear exhibits in order of merit; scoring five single ears.

The bread judging contest will consist of two parts: placing four loaves of bread in order of merit and written reasons for placing.

The three boys and girls winning in the contests will have their expenses paid to the boys and girl's annual round-up at Purdue early next year.

utilities. In Detroit social life Newberry maintains a high standing.

In the campaign in which he beat Ford, Newberry did not participate actively. He was still in the naval service at the time. His campaign was managed by many of his friends, most of them prominent in Detroit and other cities of Michigan. His campaign manager was Paul H. King, then head of the Red Cross in Michigan and now a referee in bankruptcy under federal court appointment.

Ford was a candidate for the senatorial nomination on both the republican and democratic tickets. He was named by the democrats and faced Newberry in the general election.

For a time following Newberry's victory there was only a rumor that his nomination and election had not been altogether "above board." The rumor became more pronounced when in August, 1919, Earl J. Houck and Frank C. Dailey, special assistants to the attorney-general, arrived in Michigan. Dailey had been active in investigating several alleged frauds in Indiana municipal elections and the inference was drawn that he and Houck were here to prove the Newberry election.

The two investigators worked quietly, visiting banks, inspecting records and talking to "small fry" politicians throughout the state. There evidence was submitted to the federal grand jury sitting here, which, after a four weeks' session, returned indictments against Newberry and 134 of his associates.
